

Prosecco Rosé

DOC Extra Dry Millesimato

Irresistible to lady enthusiasts and made in Italy sparkling wine lovers, our Prosecco Rosé will be keeping the vibrant freshness of Albino Armani Prosecco and is created by using 90% of Glera grapes enriched with 10% of Pinot Noir.

The Pinot Noir gives our new wine both a refined rosé color and a more structured and complex perlage.

Grape varieties: Glera and Pinot Noir.

Production area: Alta Grave Friulana.

Growing system: guyot.

Vinification: once the cuveè made with Glera and Pinot Noir is ready, a long second fermentation in pressure tanks for at least 60 days (Charmat method) takes place in order to obtain a more refined perlage and complex aromas deriving from the Pinot Noir.

Food pairings: the fresh aromas and the delicate fruity taste, make Prosecco Rosé a versatile and eclectic wine, ideal to be paired with several dishes: from appetizers to light pasta dishes, to vegetable risotto, fish soups, white meat, stir-fried mushrooms, without forgetting fresh and middle aged cheese.

Service temperature: 6-8 °C.

Suggested glass: 

From vintage 2020, this wine is certified **Sustainable** with the protocol of the **National Quality System for Integrated Production**: a production technique with low environmental impact, that aims at a progressive reduction of exterior treatment in order to restore cultivation to a state of balance.
